

Swedish IHP-committee

Minutes 25/3 2015

Participants: Katarina Veem, Anna Johnell, Jafet Andersson and Andrew Frampton

World water day

- SHR hired a consultant for coordinating the world water day. No report has been written yet about this event. The theme for 2015 is water and development.
- Andrew mentioned that it has been suggested that the member's fees should fund the world water day.
- SIWI arranged the world water day in Stockholm. They announced this year's water price at this event.

Red River

- Anna went on a scoping workshop in Kunming. This event consisted of two workshop days and two days of field trip.
- There was a focus on discussions about challenges and what needs to be done.
- SIWI and ICRAF will write a project proposal.
- SIWI and ICRAF will also try to find organizations to fund this programme.

WACCA

- Integrated Water Resources Management and Climate Change Information for Africa.
- Three themes, education ITP, integrated water resource management and climate services.
- This year baseline studies will be made for all themes. IHP will give funds for such a trip if our budget will be accepted.

Conferences and meetings

- Andrew will attend the EGU conference. He will try to contact people from UNESCO and find cooperation possibilities.
- Waternet will take place at the end of October. Jafet mentioned that it will be better if we can have an oral session.
- The World Water Congress will take place in Edinburgh in May.

- Katarina Veem will visit Paris to discuss what IHP is expecting from us. The headquarters might help us with networking as well.

Other issues

- There has been an inauguration of the category II centre at SIWI. UNESCO wants IHP to support this centre.
- It was decided that we should attend a maximum of two VR meetings this year.
- The budget for the world water day has been accepted by UNESCO. In April we will know if our other requests are accepted.

Next Meeting

- 19 May at 14:00
