

Terms of license and disclaimer for using data from this website.

Terms of license

The SMHI national data center is appointed, by the Swedish Agency for Marine and Water Management, national data host for oceanographic and marine biological environmental monitoring data collected within national and regional monitoring. Quality controls, storage and publication of data are funded by the Swedish Agency for Marine and Water Management.

All data and metadata that the Swedish Agency for Marine and Water Management in collaboration with SMHI publishes at this website is considered public, free to use for everyone without cost.

For data collected in national environmental monitoring the terms of license follows Creative commons CC0.
<https://creativecommons.org/publicdomain/zero/1.0/deed.en>

Citation is not required.

The terms of license grants you the right to use, share, modify and build on data, even for commercial use. If you like to cite us please write: "Swedish Ocean Archive (SHARK), DATE (YYYY-MM-DD), The Swedish Agency for Marine and Water Management and the Swedish Meteorological and Hydrological Institute".

Disclaimer

We leave absolutely no guarantee that data are correct or complete and cannot guarantee that the datasets available on this website exactly reflects data delivered to the national data center. The reasons could be unit conversion or other processing performed by the national data center to offer a standardized product.

If erroneous or convoluted data is discovered we would greatly appreciate if you inform the national data center. We also welcome suggestions for improvements.
